Beauty & Strength

Successions HPT is the next evolution in commercial flooring with High Performance Tile. Whether you are looking for a dramatic statement for a space, or a beautiful, timeless anchor for your interior design, Successions HPT has the extensive color offering for your installation. It's soft, calming and non-directional visuals effectively mask off scuffs and dirt, while also providing great options for wayfinding, zoning and branding.

Design Your Space

Successions HPT was designed for lively interaction between people and spaces. Simple, non-directional visuals and powerful colors can create an environment to thrive with a seamless visual. For versatility, Successions HPT can be installed with other Tri-West products, including our commercially rated carpet tile for a smooth transition.
